Cara Delgado

Submitted by Dave Saunders

During her time at SBCC, Cara embodied student success. Her journey from the rural Appalachian mountains to campus was extraordinarily challenging. Once she arrived, she distinguished herself as a SERIOUS student. Her strength of character was a powerful inspiration to others. She regularly worked hard to care for those around her--particularly her classmates. She was deeply involved not only in her classwork, but in her duties as a tutor on campus. She wrote and spoke with passion, evoking deep emotions, and did so in a way that was simple, kind and authentically heartfelt.
